

International days for INNOVATIONS, TECHNOLOGICAL TRANSFER AND BUSINESS MEETINGS

29.09 – plenary session; 30.09 – meetings between companies from the EEN network

During the International fair Plovdiv, 27.09 – 1.10.2010

The event is organized by Enterprise Europe Network – Bulgaria and it is addressed to clusters, associations, firms and research organizations, which are developing or using products and services in the scope of information and communication technologies and automation.

The plenary session, day one, will be focused on clusters, associations, firms and scientific organizations. The program includes presentations and discussions which are concerning the possibilities for funding, good practices in the control and interaction into clusters, unification and working in network, as well as possibilities for researches and offerings for international cooperation. The experts from the Ministry of Economy, Energy and Tourism (MEET) and the consultants from the EEN network are going to introduce the present contests for recruitment of project offerings for Operational Programs – Competitive power, and more specifically the possibilities for sponsorship of clusters, initiatives and programs of MEET. Those are going to be addressed to the business and research organizations, actual and upcoming calls for project proposals for European programs.

Day two will include preplanned, bilateral meetings between companies and organizations from the EEN network, which includes 44 countries. The registered participants are going to be able to meet with potential partners and clients. They will be able to popularize their products and services or they will be able to find the services and products they need.

The website of the event: www.enterprise-europe-network.ec.europa.eu/public/ is already active and available for registration.

For those who are interested, you can make a registration and also can publish your technology profiles until 13.09.2010. After that, until 17.09, there will be announcements and confirmations of the meetings on the basis of the registered profiles. We are kindly asking you to indicate your local EEN office or “BG – Bulgarian Industrial Association” as your EEN partner during your registration.

The participation in the event is free.

End dates:

13 September 2010 – registration and publication of business and technological profiles

17 September 2010 – announcement and confirmation of the meetings

17 September 2010 – registration for participation – seminar day
