

Dear members,

Recently I had the chance to present you the Bulgarian Curling Federation and would now like to share with you our last season's results.

Our main focus was on two competitions – European Championship C-Division in Ljubljana and the World Championship for the “Mixed Doubles” (Olympic discipline) in Karlstad/Sweden.

The progress we made on both occasions definitely exceeded our expectations. Even though we did not make it to the B-group with the men's team, we achieved the best result in the history of Bulgarian curling so far – 7 wins and 3 losses.

The Mixed Doubles was an even bigger surprise – we finished third in the toughest group (with a historical win against Switzerland!) and made it to the qualification game for quarterfinals. We find this result remarkable, given the fact that my teammate has a very short curling experience of about a year.

The media coverage was accordingly high for the first time too, especially online. Both media clippings you can find below. More details you can find in the following article: <http://insport.bg/2016/05/13/insport-bg-представя-българският-кърлинг-изл/>

Even if the Bulgarian Curling Federation has received no support so far, we're convinced this is the right way we're taking, step by step.

Reto Seiler

General Secretary and Skip of the Bulgarian Curling Federation/Team
